Dear The Honorable Judge William L. Osteen
U.S. District Court Middle District of North Carolina
U.S.A. vs. Hill Dkt: 1:13CR435-1,

I do accept responsibility for the possession of child porn. I am ready to go to Sentencing. I have only one issue at sentencing I wish to address with you. That issue is ordering destruction of my hard drives. I Attach a Declaration under Oath to this letter proving to you that over 95% of my hard drives DATA/files is legal and irreplaceable, thus should not be destroyed. I ask that the court only order the FBI to destroy the child porn files/DATA, then return my hard drives to me after destruction of all child porn files leaving me only my lawful files/DATA. I have years of memories and hard work on those hard drives, all lawful. I like to request that at sentencing that you Order the destruction of the child pornography files/DATA, then return all hard drives to the rightful owners which is me and my mother. That only the child porn be destroyed, then my good files aka my lawful files/DATA returned to me. I like this matter to be discussed with my attorney if necessary.

Brian D. Hill
Signed

Sincerely,
